DESTINY? PARIS, France, July 21, 1945.

New Castle News. New Castle, Pa. Gentlemen: There was noted in

"Administration forces were in control of the final day's debate as the Senate rejected every attempt to alter the plan. Majority Leader Alben W. Barkley of Kentucky gave the Sen-

The citizens well may tremble and, in despair, wonder concerning down what paths our nation is being led. Irrespective of the meris of this particular plan, is it then

not Congress, a body of chosen representatives of the people, but lew delegates to conferences between nations, informally chosen by the President, who really direct the course of our nation; who pledge our wealth and agree to ensnaring alliances?
